ABOUT OUR NEW KMSC GUEST PASSES...

Dear KMSC Member:

Hello. We have exhausted our supply of the blue guest cards and are returning to a 10-visit punchcard style that we used several years ago. Individual guest cards are also available.

Some key things to know:

- Guests must always be accompanied by a member in good standing. All guests are logged in when they visit.
- Your blue guest passes or old punchcards will still be accepted and do not expire.
- You may still pay for your guests at the front desk as you enter.
- We have a new 10-visit punchcard which is available at the same price of \$60. Each card has a unique number. For the 10-visit guest card, we will also add your name and phone number and have a record of its purchase for proper use and in case it is lost.
- Any individual on your Membership may present the punchcard for use. Other payment methods for guest fees (cash, check, swipe) are still available if you forget to bring your card.
- The 10-visit card is not transferable to another KMSC Member unless arranged with the KMSC Treasurer.
- Individual Guest Pass cards are \$8 each or 10 for \$60. These cards have unique number for control but may be used by any member in good standing. You may add your name and phone number to each Single card as desired. These cards are transferable and should be treated like cash.

Please contact me with any questions or feedback.
