### *Welcome to Summer 2020 at Kemp Mill Pool.* **Preparations already are underway to make it terrific!**

I'd like to take this opportunity to apologize again for the difficult end to last season but the board is hard at work to ensure that it was an off year and will not happen again.

Dues will remain the same as 2019. We have revised the schedule to reflect the hours that our members generally visit the pool and will be monitoring for opportunities to accommodate as many members as possible.

Here are ways you can help us to ensure a successful summer:

1. Pay your dues on time! Having a reliable income allows us to properly and effectively budget and plan.
2. Tell your friends! We have an amazing swim club with a fun and supportive swim team, swim lesson opportunities, and a family-friendly environment. The more members we have, the better we will be. Like us on Facebook and spread the word!
3. Volunteer! The pool has a management company who takes care of the major repairs and staffing but much of the smaller tasks are handled by volunteers. We'd love your help!
4. Attend the annual meeting! It will be held 7:30 p.m., Wednesday, March 18<sup>th</sup> in the All-purpose Room at Kemp Mill Elementary School.
5. Love the pool! We are all committed to having the best swim club around. We have the best members and are making the changes needed to ensure our success. Please continue to love the pool and the summer that it provides!

Our Board for the 2020 season will include both new and returning members. Some notable retirements include **Mary Crowley**, who served on the board for many years as Swim Team Rep and more recently as Communications Director, transcribing meeting minutes, keeping members informed of current events, and posting articles of interest on our Facebook, Google, and S'more pages and other media outlets. I have very much appreciated her knowledge and guidance (and occasional nudging to stay on track). Also stepping back is Director of Membership **Amie Wohlfarth**, who has been both a friend and support to me in many ways since we became acquainted through the Kemp Mill E.S. PTA. Finally, **Bill Waller** is stepping down after many years on the board as another of our long-time Swim Team Reps, Director of Plant Maintenance & Operations, and more recently at-large. ***Please see the enclosed ballot for all of the changes that the Nominating Committee is asking you to make to your board.***

Thank you for your continued support,

Cynthia Brandt Campagna  
President, Kemp Mill Swim Club
